

Family Book

Our story:

Bractn and Kelsey met in 2018 and we're married in August 2019 in the temple. We have been married for over 5 years.

Bractn and Kelsey Love to spend time with friends and family. That includes making memories, camping, traveling, hiking and pretty much anything to do with the outdoors.

For the last 3 years, we have tried to start a family instead of experience that joy and a happiness. We have had a lot of tears and heartbreak trying to have a baby. We have done 9 cycles of fertility treatments and have had 5 miscarriages with so much heartbreak. We are hoping and praying for this miracle baby.

We can't wait to be parents. This has been a dream of ours for a very long time and hope we will be able to fulfill that dream. We can't wait to support, help and be there for the birth mom and baby every step of the way.

We are very excited to be parents and make memories. We will cherish every moment and are so grateful to experience that great blessing to be parents one day. We want the birth mom to always feel welcomed, loved and supported through this journey.

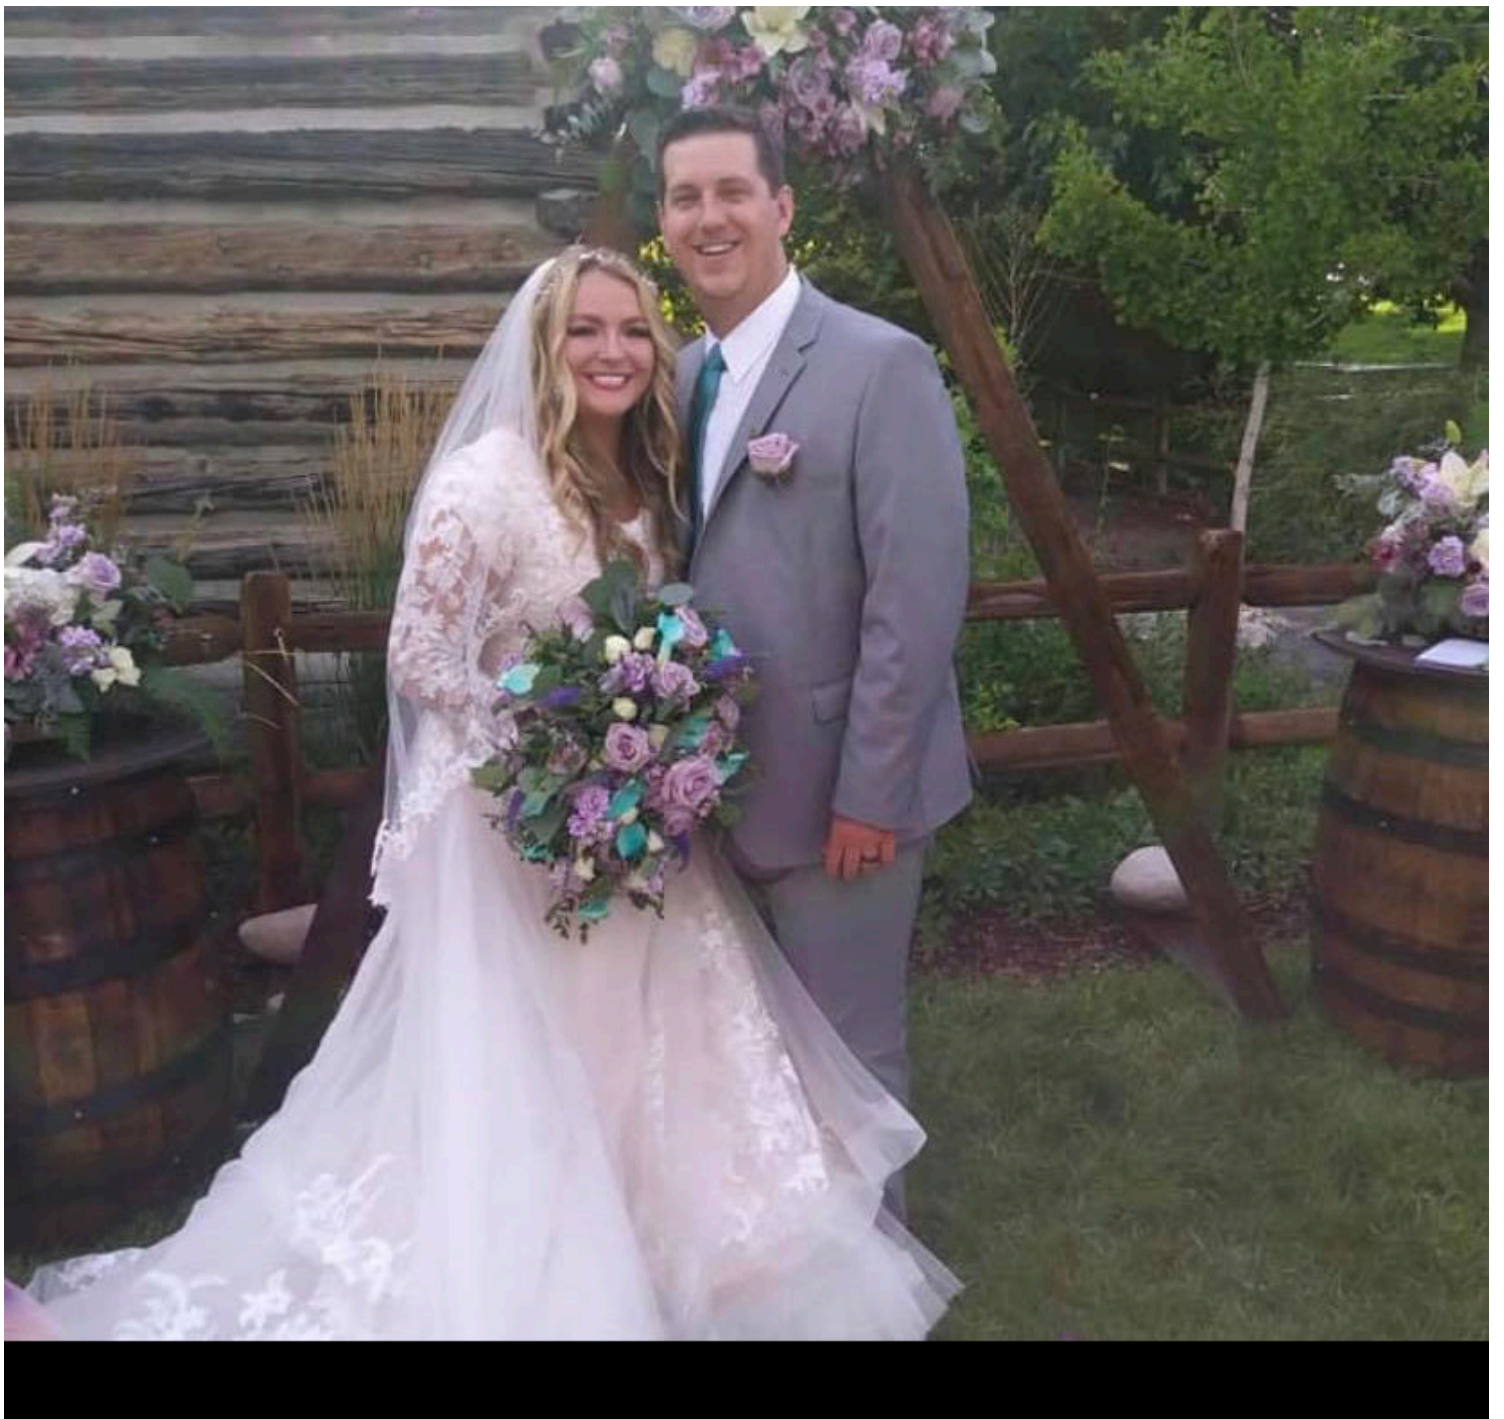

We enjoy camping and four wheeling in the summer time!

We love to go fishing and ice fishing!

This is my nephew, Dean
we took ice fishing with
us. We love spending
time with our nieces and
nephews, and we love
them all so much.

How we met:

We met on mutual on a dating website. For our first date, we went around downtown and looked at Christmas lights and have been best friends ever since. Bractn Is such an amazing husband and going to be such an amazing dad one day. When we were dating we helped watch Kelsey's nephew a lot and we have always cherish that and can't wait to be parents ourselves.

For Christmas, we love to wear matching pajamas as a family and go sledding and we can't wait to share this tradition with our children one day.

We always want the birth mom to always feel welcomed and a part of our family.

We love going snowshoeing in the winter. We get a lot of snow in the mountains. We also go sledding in the winter as well.

We love to travel and see new places and can't wait to spend those moments with our children one day.
